MISSION STATEMENT

The Elwood Community School Corporation in partnership with families, community and staff is committed to providing the best education for every student at all grade levels. This will be accomplished by nurturing individual responsibility, encouraging the expression of unique talents, recognizing student success and supporting personal enrichment.

PHILOSOPHY

In order for any society to function, adherence to duly established rules and regulations must be insured. In addition, each member of the society must establish a standard of self-discipline that will allow the individual to be a productive member in the community. The free expression of individual rights must be balanced by respect of the rights of other individuals and the needs of the total society.

The Elwood Community School Corporation recognizes its societal role in helping to impart these concepts to the children we serve. Assuring that students follow well-established rules and regulations is one of the surest ways to help each student develop a standard of self-discipline acceptable in our society. An environment that provides equal opportunity for all and permits the teaching-learning process to proceed in an orderly manner is the objective of the Board of Trustees and its employees. School staff members will make every effort, individually, collectively, and cooperatively, with appropriate available community resources, to help each student gain acceptable self-discipline standards.

Therefore, the Board of School Trustees of the Elwood Community School Corporation adopts the following rules and regulations and standards of discipline. The purpose of these discipline controls is to help create an environment that promotes the best possible learning atmosphere for all those involved in the educational process. In all cases, discipline should be used in a positive manner to improve the offending behavior and should not be used to demean a student. The superintendent, principal, any administrative personnel, or any teacher of the school corporation are authorized to take proper actions, reasonably necessary to help any student, to further school purposes, or to prevent an interference with the educational process.

NON-DISCRIMINATION AND EQUAL ACCESS TO EQUAL EDUCATIONAL OPPORTUNITY

It is the policy of Elwood Community School Corporation not to discriminate on the basis of race, color, national origin, sex (including sexual orientation or transgender identity), disability, age (except as authorized by law), religion, military status, ancestry, or genetic information (collectively, "Protected Classes") in its educational programs, or activities. The Board also does not discriminate on the basis of Protected Classes in its employment policies and practices as they relate to students, and does not tolerate harassment of any kind.

Equal educational opportunities shall be available to all students, without regard to the Protected Classes, age (unless age is a factor necessary to the normal operation or the achievement of any legitimate objective of the program/activity), place of residence within the boundaries of the District, or social or economic background, to learn through the curriculum offered in this Corporation. Educational programs shall be designed to meet the varying needs of all students.
SECTION 504/ADA PROHIBITION AGAINST DISCRIMINATION BASED ON DISABILITY

Pursuant to Section 504 of the Rehabilitation Act of 1973 ("Section 504"), the Americans with Disabilities Act of 1990, as amended ("ADA"), and the implementing regulations (collectively "Section 504/ADA"), no otherwise qualified individual with a disability shall, solely by reason of his/her disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. The School Board does not discriminate in admission or access to, or participation in, or treatment, or employment in, its programs or activities. As such, the Board's policies and practices will not discriminate against employees and students with disabilities, will provide equal opportunity for employment, and will make accessible to qualified individuals with disabilities its facilities, programs, and activities. No discrimination will be knowingly permitted against any individual with a disability on the sole basis of that disability in any of the programs, activities, policies, and/or practices in the Corporation.

"An individual with a disability" means a person who has, has a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, sitting, reaching, interacting with others, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal and reproductive functions. The operation of a major bodily function includes the operation of an individual organ within a body system.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aids and cochlear implants or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, assistive technology, reasonable accommodations or auxiliary aids or services, or learned behavioral or adaptive neurological modifications.

With respect to public preschool, elementary and secondary educational services, a qualified person with a disability means a disabled person:

A. who is of an age during which nondisabled persons are provided educational services;

B. who is of any age during which it is mandatory under Indiana law to provide educational services to disabled persons; or

C. to whom the State is required to provide a free appropriate public education pursuant to the Individuals with Disabilities Education Improvement Act (IDEIA).

With respect to vocational/career-technical education services, a qualified person with a disability means a disabled person who meets the academic and technical standards requisite to admission or participation in the vocational/career-technical program or activity.

SECTION 504/ADA – COMPLAINT AND DUE PROCESS PROCEDURES

If a person believes that s/he has been discriminated against on the basis of his/her disability, the person may utilize the following complaint procedures as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter.

In accordance with Section 504 of the Rehabilitation Act of 1973 and its implementing regulations ("Section 504"), parents, students, and employees will be notified of their right to file an internal complaint regarding an alleged violation, misinterpretation or misapplication of Section 504. In addition, employees, students and their parents will be notified of their right to file a complaint with the U.S. Department of Education's Office for Civil Rights. Finally, students and parents will be advised of their right to request a due process hearing before an Impartial Hearing Officer (IHO) regarding the identification, evaluation or educational placement of persons with disabilities, and their right to examine relevant education records.

Building principals shall serve as Building Section 504/ADA Compliance Officer(s) ("Building Compliance Officers").

Internal complaints and requests for due process hearings must be put in writing and must identify the specific circumstances or areas of dispute that have given rise to the complaint or the request for a hearing, and offer possible solutions to the dispute. The complaint or request for due process hearing must be filed with a Corporation Compliance Officer within the time limits specified below. The Corporation’s Compliance Officer is available to assist individuals in filing a complaint or request.

Procedural Information and Rights – Students and Parents

In accordance with various Federal laws (including Section 504, ADA, FERPA, and Title VII), the following procedural safeguards will be provided with respect to decisions or actions regarding the identification, evaluation, or educational program or placement, or content of a Section 504 Plan of a student who is or may be disabled under Section 504, but not also disabled under the IDEIA:

G. Parents have the right to have their child transported in a non-discriminatory manner.
If the Corporation refers a student for aids, benefits, or services outside the Corporation, the Corporation will ensure that adequate transportation is provided at no greater cost to the parents than if the aids, benefits, or services were provided within the Corporation.

H. Parents have the right to place their child in a private school or alternative educational program;
However, if the Corporation makes FAPE available to the student that conforms to the requirements of Section 504 and nevertheless the parents choose to place the student elsewhere, the Corporation is not required to pay for the student’s education at the private school or alternative program, including costs associated with transportation.

I. Parents have the right to have their child given an equal opportunity to participate in nonacademic and extracurricular activities offered by the Corporation;

O. Parents have the right to periodic re-evaluations and an evaluation before any significant change in program/service modifications;

Internal Complaint Procedure – Students

An internal complaint may be filed by a student and/or parent. A student and/or parent may initiate the internal complaint procedure when s/he/they believe that a violation, misapplication or misinterpretation of Section 504 has occurred. Additionally, the following procedure may be used for any disagreement with respect to actions regarding the identification, evaluation, or educational program or placement of students who are identified as disabled or believed to be disabled pursuant to Section 504, and are not eligible under the IDEIA, except in the case of disciplinary actions where the provisions of the Student Code of Conduct apply. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the U.S. Department of Education’s Office for Civil Rights or requesting a due process hearing.

Step 1 - Investigation by the Building Compliance Officer: A student or parent may initiate an investigation by filing a written internal complaint with the Building Compliance Officer. The complaint should fully describe the circumstances giving rise to the dispute and how the child is adversely affected. The complaint must be filed as soon as possible, but not longer than thirty (30) calendar days after disclosure of the facts giving rise to the complaint. The Building Compliance Officer shall conduct an impartial investigation of the complaint. As part of the investigation, the Building Compliance Officer shall permit the complainant to present witnesses and other evidence in support of the complaint. The investigation shall be completed within fifteen (15) school days of the written complaint being filed. The Building Compliance Officer will notify the complainant in writing of his/her decision.

Step 2 - Appeal to the Corporation Compliance Officer: If the complaint is not resolved satisfactorily at Step 1, the student or parent may appeal the Building Compliance Officer’s decision in writing to the Corporation Compliance Officer. The appeal must be made within five (5) school days following receipt of the Building Compliance Officer’s decision. The Corporation Compliance Officer will review the case, may conduct an informal hearing, and will notify all parties in writing of his/her decision within ten (10) school days of receiving the appeal.

Step 3- If the complaint is not resolved satisfactorily at Step 2, the student or parent may request a due process hearing, provided the complaint involves an issue related to the identification, evaluation, or placement of the student (see below).

Due Process Hearing – Student

A. When a request for a due process hearing is received, the aggrieved party will have the opportunity to receive a hearing conducted by an impartial hearing officer ("IHO") (i.e., by a person not employed by the School Board, not involved in the education or care of the child, and not having a personal or professional interest that would conflict with his/her objectivity in the hearing).
B. The School Corporation will maintain a list of trained IHOs that may include IDEIA hearing officers, attorneys, and Directors of Special Education outside the Corporation. The Corporation Compliance Officer will appoint an IHO from that list, and the costs of the hearing shall be borne by the Corporation. The appointment of an IHO will be made within fifteen (15) school days after the request for a due process hearing is received.

C. A party to such a due process hearing shall have:
   1. the right, at his/her/their own cost, to be accompanied and advised by legal counsel and by individuals with special knowledge or training with respect to the problems of children with disabilities;
   2. the right to present evidence, and confront, cross-examine and compel the attendance of witnesses;
   3. the right to a written or electronic verbatim record of such hearing; and
   4. the right to written findings of fact and the reasons for the decision.

D. The IHO shall conduct the due process hearing within a reasonable period of time (i.e., not to exceed ninety (90) calendar days of the request for such a hearing, unless this time-frame is mutually waived by the parties or is determined by the IHO to be impossible to comply with due to extenuating circumstances).

E. The IHO will give the parent and/or student written notice of the date, time and place of the hearing. Notice will be given no less than twenty-one (21) calendar days prior to the date of the hearing, unless otherwise agreed to by the parent and/or student. The notice shall include:
   1. a statement of time, place and nature of the hearing;
   2. a statement of the legal authority and jurisdiction under which the hearing is being held;
   3. a reference to the particular section of the statutes and rules involved;
   4. a statement of the availability of relevant records for examination;
   5. a short and plain statement of the matters asserted; and
   6. a statement of the right to be represented by counsel.

A. The IHO shall conduct the hearing in a manner that will afford all parties a full and fair opportunity to present evidence and to otherwise be heard. The parent and/or student may be represented by another person of his/her choice, including an attorney.

B. The IHO shall make a full and complete record of the proceedings.

C. The IHO shall render a decision in writing to the parties within thirty (30) calendar days following the conclusion of the hearing. The decision will be based solely on the testimony and demonstrative evidence presented at the hearing and include a summary of the evidence (i.e., findings of fact) and the reason for the decision. The notification shall include a statement that either party may appeal the decision.

A. Appeal of the IHO’s decision may be made to a Federal court of competent jurisdiction.

Internal Complaint Procedure - Public Complaints About Facilities and/or Services

A person who has a complaint about Corporation facilities or services may register such complaint with the Building Compliance Officer and/or Corporation Compliance Officer. Such complaints should be filed in writing within thirty (30) calendar days of the circumstances or event giving rise to the complaint. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the U.S. Department of Education's Office for Civil Rights.

A. The written complaint must contain the following information:
   1. Name(s) of person(s) filing complaint.
   2. Whether the person(s) represents an individual or group.
Elwood Community School Corporation

3. Whether the person(s) making the complaint has discussed the problem with the Building Compliance Officer and/or the Corporation Compliance Officer.

4. A written summary of the complaint and a proposed solution

B. The Building Compliance Officer or the Corporation Compliance Officer will conduct an impartial investigation and will respond to the complaint within five (5) business days. This complaint procedure contemplates informal, but thorough investigations, affording all interested persons and their representatives, if any, an opportunity to present witnesses and other evidence relevant to the complaint.

C. If a satisfactory response is not received within five (5) business days, the person should forward a copy of the complaint to the Superintendent, who will respond within ten (10) business days.

D. If a satisfactory response is not received within ten (10) business days, the person may forward a copy of the complaint to the Board. The Board will consider the complaint and respond within forty (40) calendar days.

OCR Complaint

At any time, if a student, parent, employee, or member of the public believes that s/he has been subjected to discrimination based upon his/her disability in violation of Section 504 or the ADA, the individual may file a complaint with the U.S. Department of Education's Office for Civil Rights ("OCR"). The OCR can be reached at:

U.S. Department of Education

Chicago, Illinois 60661

Except in extraordinary circumstances, the OCR does not review the result of individual placement and other educational decisions, so long as the Corporation complies with the "process" requirements of Subpart D of Section 504.

Prohibition Against Retaliation

The Board will not discriminate against, coerce, intimidate, threaten or interfere with any individual because the person opposed any act or practice made unlawful by Section 504 or the Americans with Disabilities Act ("ADA"), or because that individual made a charge, testified, assisted or participated in any manner in an investigation, proceeding, or hearing under Section 504 or the ADA, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by Section 504 or the ADA.

SECLUSION and/or RESTRAINT of STUDENTS

As a part of the emergency procedures in place in Elwood Community School Corporation, no student will be restrained and/or placed in seclusion by school staff unless the student’s behavior poses an imminent risk of injury to him/herself or others. However, significant violations of the law including assaults on students and staff will be reported to the police. As soon as possible after any such use of restraint and/or seclusion, the parents or guardian will be informed when any of these actions have occurred and will be provided with a detailed account of the incident including the circumstances that led to the use of restraint and/or seclusion.

or broadband access device, two-way radio, video broadcasting device, iPad, laptop, or other device that allows a person to receive, record and/or transmit, on either a real time or delayed basis, sound, video or still images, text, or other data or information.

Responsible use of WCDs on school property or at a school-sponsored activity includes not using the device:

- During instructional class periods, except with expressed teacher permission and for academic purposes only.
- To capture, receive or transmit test or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. (WCDs shall not be accessible when assessments are being taken.)

- In any manner which serves to bully, threaten, intimidate, or disparage others.
- To access websites or web content that is otherwise blocked to students.

School staff may confiscate a WCD from any student who demonstrates irresponsible behavior stated above and deliver it to administration.

The school is not responsible for any device not in the possession of administration that is damaged, lost, or stolen.

**Grades PK-6**
WCDs may be used responsibly during instructional class periods only with expressed teacher permission and for academic purposes.

**Grades 7-12**
WCDs may be used responsibly during passing periods and assigned lunch period except when prohibited due to prior irresponsible use, excessive load on the school’s network, or other restriction placed by the administration. WCDs may be used responsibly during instructional class periods only with expressed teacher permission and for academic purposes.

**INFORMATION REGARDING CELL PHONE CONTENT AND DISPLAY**

Because student cell phones have been found in a number of Indiana school districts to have contained evidence of “sexual conduct” as defined below, it is important for parents and students to be aware of the legal consequences should this occur in our system.

- The Child Abuse/Neglect Law requires school personnel to report to law enforcement or child protective services whenever there is reason to believe that any person/student is involved with “child exploitation” or “child pornography” as defined by Indiana Criminal Statutes.

- It is “child exploitation,” a Class C felony under I.C. 35-42-4-4 (b), for any person/student (1) to exhibit, photograph or create a digitalized image of any incident that includes “sexual conduct” by a child under the age of 18; or (2) to disseminate, exhibit to another person, or offer to so disseminate or exhibit, matter that depicts or describes “sexual conduct” by a child under the age of 18.

- It is “child pornography,” a Class D felony under I.C. 35-42-4-4 (c), for any person/student to possess a photograph, motion picture, digitalized image, or any pictorial representation that depicts or describes “sexual conduct” by a child who the person knows is less than 16 years of age or who appears less than age 16.

- “Sexual conduct” is defined by I.C. 35-42-4-4-(a) to include sexual intercourse, exhibition of the uncovered genitals intended to satisfy or arouse the sexual desires of any person, or any fondling
or touching of a child by another person or of another person by a child intended to arouse or
satisfy the sexual desires of the child or other person.

• The Indiana Sex Offender Registration Statute at I.C. 11-8-8-7 and the Sex Offender Registry
Offense Statute at I.C. 35-42-4-11, as of May 2009, require persons convicted of or adjudicated
as a juvenile delinquent for violating the Child Exploitation Statute at I.C. 35-42-4-4 (b) to register
as a sex offender.

BULLYING

Bullying committed by students toward other students is strictly prohibited. Engaging in bullying conduct
described in this rule by use of data or computer software that is accessed through any computer, any
computer system, or any computer network is also prohibited.

For purposes of this rule, bullying is defined as overt, unwanted, repeated acts or gestures, including
verbal or written communications or images transmitted in any manner (including electronically or digitally),
physical acts committed, aggression, or any other behaviors that are committed by a student or group of
students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the
targeted student and create for the targeted student an objectively hostile school environment that:
- places the targeted student in reasonable fear of harm to the targeted student’s person or
property;
- has a substantially detrimental effect on the targeted student’s physical or mental health;
- has the effect of substantially interfering with the targeted student’s academic performance; or
- has the effect of substantially interfering with the targeted student’s ability to participate in or
benefit from the services, activities, and privileges provided by the school.

The term “bullying” may not be interpreted to impose any burden or sanction on, or to include in the
definition of the term, the following:
- Participating in a religious event.
- Acting in an emergency involving the protection of a person or property from an imminent
threat of serious bodily injury or substantial danger.
- Participating in an activity consisting of the exercise of a student’s rights protected under the
First Amendment to the United States Constitution or Article I, Section 31 of the Constitution of
the State of Indiana, or both.
- Participation in an activity conducted by a nonprofit or governmental entity that provides
recreation, education, training, or other care under the supervision of one or more adults.
- Participating in an activity undertaken at the prior written direction of the student’s parent.
- Engaging in interstate or international travel from a location outside Indiana to another location
outside Indiana.

This rule is not confined to school hours or school activities. It includes anytime bullying behavior takes
place, including, non-school times such as evenings, weekends, breaks/vacations and any other time. It may
also be applied regardless of the physical location of the bullying behavior when a student committing
bullying behavior and the targeted student attend a school within the school corporation and disciplinary
action is reasonably necessary to avoid substantial interference with school discipline or prevent an
unreasonable threat to the rights of other students to a safe and peaceful learning environment.

1. Any student or parent who has knowledge of conduct in violation of this rule or any student who
feels he/she has been bullied in violation of this rule should immediately report the conduct to
the school administrator who has responsibility for all investigations of student misconduct
including bullying. A student or parent may also report the conduct to a teacher or counselor
who will be responsible for notifying the school administrator the same day. This report may be
made anonymously.
2. The school administrator shall investigate immediately all reports of bullying made pursuant to the provisions of this rule. Such investigation must include any action or appropriate responses that may be taken immediately to address the bullying conduct wherever it takes place. The parents of the bully and the targeted student(s) shall be notified on a regular, periodic basis of the progress and the findings of the investigation and of any remedial action that has been taken.

3. The school administrator will be responsible for working with the school counselors and other community resources to provide information and/or follow-up services to support the targeted student and to educate the student engaging in bullying behavior on the effects of bullying and the prevention of bullying. In addition, the school administrator and school counselors will be responsible for determining if the bullying behavior is a violation of law required to be reported to law enforcement under Indiana law based upon their reasonable belief. Such determination should be made as soon as possible and once this determination is made, the report should be made immediately to law enforcement.

4. False reporting of bullying conduct as defined in this rule by a student shall be considered a violation of this rule and will result in any appropriate disciplinary action or sanctions if the investigation of the report finds it to be false.

5. A violation of this rule prohibiting bullying may result in any appropriate disciplinary action or sanction, including suspension and/or expulsion.

6. Counseling, corrective discipline, and/or referral to law enforcement will be used to change the behavior of the perpetrator. This includes appropriate intervention(s), restoration of a positive climate, and support for victims and others impacted by the bullying.

7. Educational outreach and training will be provided to school personnel, parents, and students concerning the identification, prevention, and intervention in bullying.

8. All schools in the corporation are encouraged to engage students, staff and parents in meaningful discussions about the negative aspects of bullying. The parent involvement may be through parent organizations already in place in each school.

DRUGS and/or ALCOHOL INCIDENTS REPORTING REQUIREMENTS by SCHOOL PERSONNEL

Indiana Code 20-33-9-5 requires all school employees to report in writing to a member of the administrative staff crimes involving drugs and/or alcohol that occur on school property or within one thousand (1000) feet of school property and are personally observed by the school employee. All school employees also have the legal responsibility to report crimes concerning minors and alcoholic beverages.

Indiana Code 20-33-9-6 requires that a member of the administrative staff who, based on personal knowledge or on the report of another employee of the school corporation, believes that a person has committed a violation involving minors and the possession of alcoholic beverages (IC 7.1-5-7) or has committed a delinquent act that would be a violation of IC 7.1-5-7 if the violator was an adult in, on, or within one thousand (1,000) feet of the school property of the school corporation employing the member, shall immediately report:

1. a general description of the violation;
2. the name or a general description of each violator known to the member;
3. the date and place of the violation;
4. the name or a general description of each person who the member knows witnessed any part of the violation; and
5. a general description and the location of any property that the member knows was involved in the violation;

in writing to a law enforcement officer.
SUSPENSION AND EXPULSION

grounds for suspension or expulsion, subject to the procedural requirements and as stated by school corporation rules:
1. Student misconduct.
2. Substantial disobedience.
3. Engaging in unlawful activity on or off school grounds if the:
   a. activity may reasonably be considered to be an interference with school purposes or an educational function; or
   b. student’s removal is necessary to restore order or protect persons on school property;

The grounds for suspension or expulsion apply:
1. On school grounds immediately before, during or immediately after school hours, or at any time when the school is being used by a school group;
2. Off school grounds at a school activity, function, or event;
3. Traveling to or from school or a school activity, function, or event; or
4. When attending summer school.
5. During weekends, holidays, school breaks, and the summer period when a student may not be attending classes or other school functions.

Suspension Procedures

When a principal (or designee) determines that a student should be suspended, the following procedures will be followed:
1. A meeting will be held prior to or as soon after the suspension of any student. At this meeting the student will be entitled to:
   a. a written or oral statement of the charges;
   b. if the student denies the charges, a summary of the evidence against the student; and,
   c. an opportunity to explain his or her conduct.
2. The meeting shall precede suspension of the student except where the nature of the misconduct requires immediate removal. In such situations, the meeting will follow the suspension as soon as reasonably possible following the date of the suspension.
3. Following the suspension, the parents or guardians of a suspended student will be notified in writing. The notification will include the dates of the suspension; describe the student’s misconduct, and the action taken by the principal.
4. The superintendent shall report all second suspensions to the Bureau of Motor Vehicles in accordance with IC 9-24-2-1, 9-24-2-4 and the Bureau’s guidelines.

Expulsion Procedures

When a principal (or designee) recommends to the superintendent (or designee) that a student be expelled from school, the following procedures will be followed:
1. The superintendent (or designee) may conduct an expulsion meeting, or may appoint one of the following persons to conduct the expulsion meeting:
   a. legal counsel
   b. a member of the administrative staff who did not expel the student and was not involved in the events giving rise to the expulsion.
2. An expulsion will not take place until the student and the student’s parent are given notice of their right to appear at an expulsion meeting conducted by the superintendent or the person designated above. Failure by a student or a student’s parent to request and to appear at this
Elwood Community School Corporation

meeting will be deemed a waiver of rights administratively to contest the expulsion or to appeal it to the school board.

3. The notice of the right to an expulsion meeting will be in writing, delivered by certified mail or by personal delivery, and contain the reasons for the expulsion and the procedure for requesting the meeting. A student or a student’s parent who fails to request and appear at an expulsion meeting after receipt of notice of the right to appear at an expulsion meeting forfeits all rights administratively to contest and appeal the expulsion.

4. At the expulsion meeting, the principal (or designee) will present evidence to support the charges against the student. The student or parent will have the opportunity to answer the charges against the student and to present evidence to support the student’s position. The student’s attorney is prohibited from participating in the expulsion meeting but is allowed to remain outside the room where the hearing is taking place for consultation purposes.

5. If an expulsion meeting is held, the person conducting the expulsion meeting will make a written summary of the evidence heard at the meeting, take any action found to be appropriate, and give notice of the action taken to the student and the student’s parent. The student or parent has the right to appeal the decision of the person conducting the expulsion meeting to the school board within 10 days of the receipt of notice of the action taken. The student or parent appeal to the school board must be in writing. If an appeal is properly made, the board will consider the appeal unless the board votes not to hear the appeal. The board will then take any action deemed appropriate.

SEARCH AND SEIZURE

The Board of School Trustees of the Elwood Community School Corporation recognizes its obligation to balance the privacy rights of the students with its responsibility to provide students, faculty, and authorized visitors with a safe, hygienic, and drug-free environment. In balancing these competing interests, the Board directs the Superintendent to utilize the following principles:

A. SCHOOL PROPERTY
   All lockers made available for student use on the school premises, including lockers located in the hallways, physical education and athletic dressing rooms, industrial education classrooms and art classrooms are the property of the school corporation. These lockers are made available for student use in storing school supplies and personal items necessary for use at school, but the lockers are not to be used to store items which cause, or can reasonably be foreseen to cause, an interference with school purposes or an educational function, or which are forbidden by state law or school rules. A student should not expect to have privacy in a locker or its contents. School authorities for any reason may conduct periodic general inspections of all lockers at any time without notice, and without student consent, and without a search warrant. The school’s right to inspect the lockers and their contents ensures that the lockers are being used in accordance with their intended purposes, and to eliminate fire and other hazards, maintain sanitary conditions, attempt to locate lost or stolen material and to prevent use of the locker to store prohibited or dangerous materials such as weapons, illegal drugs, paraphernalia, or alcohol. Other than a general inspection of all lockers whenever an individual student locker is the subject of a search based on reasonable suspicion of contraband being present, the student assigned to the locker being searched should be present during the search, if possible.

   Legal Reference: Indiana Code 20-8-32

B. STUDENT’S PERSON AND PERSONAL POSSESSIONS
   Searches of the student’s person and personal items in the student’s immediate possession shall be done with the consent of the student. If the student does not consent, such a search shall be permitted based upon the administrator’s individualized reasonable suspicion to believe that the search will produce evidence of a violation of a law, school rule, or a condition that endangers the safety or health of the student or others. Searches of the person of a student shall be conducted and witnessed by a person of the same sex as the student and shall be conducted in a private office. The student may be given the option of selecting the witness from the faculty members on the school premises at the time of the search. This authorization to search shall also apply to all situations in which the student is under the jurisdiction of the Board as defined by IC 20-33-8 (Pursuant to language found in AG 5771 of the Administrative Guidelines of the Elwood Community School Corporation.)

C. VEHICLE SEARCH
   Permission for a student to bring a motor vehicle on school property is hereby conditioned on written consent by the student driver, the owner of the motor vehicle and the parent or guardian of the student to allow search of that motor vehicle by a school administrator with reasonable suspicion to believe that the search will produce evidence of a violation of law, or a school rule, or a condition that endangers the safety or health of the student driver or others. The student shall have no expectation of privacy in any vehicle parked on school property. Refusal by the student, parent or guardian, or the motor vehicle owner to provide or allow access to a motor vehicle on school premises at the time of a request to search the motor vehicle shall be cause for termination without further hearing of the privilege of bringing a motor vehicle onto school premises.
A. LAW ENFORCEMENT AGENCIES
The Superintendent or building principal may request the assistance of a law enforcement agency in implementing any aspect of this policy. Where law enforcement officers participate in a search on school property or at a school activity pursuant to a request by the superintendent or building principal, the search shall be conducted by the law enforcement officers in accordance with the legal standards applicable to law enforcement officers.

B. USE OF DOGS
The Board authorizes the use of specially trained dogs to detect the presence of drugs and devices such as bombs on school property under the conditions established in the Superintendent’s administrative guidelines.

C. SEIZURE OF PROPERTY
Anything found in the course of a search pursuant to this policy that constitutes evidence of a violation of a law, school rule or which endangers the safety or health of any person shall be seized and utilized as evidence if appropriate. Seized items of value shall be returned to the owner if the owner may lawfully possess the items. Seized items of no value and seized items that may not lawfully be possessed by the owner may be destroyed.

The Board authorizes the placement of a certified school resource officer in the schools for the purposes described below:
 a) maintain regular routine patrol and supervision duties within the building.
 b) be in law enforcement uniform, including Department authorized weapons while on duty.
 c) not be involved in ordinary school discipline unless the issue involves a substantial disruption of the learning environment or endangerment of the safety of students and/or staff.
 d) coordinate activities with the Principal of each building.
 e) gather information regarding potential problems such as criminal activity, gang activity, student unrest, and the identities of particular individuals who may be a disruptive influence to the school and/or students. Based on the information gathered, the SRO will work with School personnel in providing law enforcement resources and responses regarding on-campus or school related criminal activity.
 f) document activities and provide a written monthly summary report to the Department and the School.
 g) provide a program of law and education-related issues to the school community, including parents, on any law enforcement or safety related topics.
 h) work with School officials to provide law enforcement education to staff and students.
 i) provide and facilitate student mentoring in a non-adversarial capacity.

 l) assist School officials in emergency response planning and review.
 m) take appropriate steps consistent with Indiana State Law, Elwood City Ordinances and Department regulations when criminal activity is suspected. Unless circumstances or legal duties prevent it, the SRO will advise school administration prior to taking legal action.
 n) refer students and/or their families to the appropriate agencies for assistance when a need is determined.

Elwood Community School Corporation

STUDENT DRUG TESTING POLICY
for EXTRA-CURRICULAR, CO-CURRICULAR PARTICIPATION and DRIVING PRIVILEGES

The Board of School Trustees of Elwood Community Schools recognizes the health risks and dangers associated with the use of unlawful, illicit drugs, alcohol and/or tobacco products. Drug and alcohol abuse in the workplace is a threat to the safety and health of both our students and our employees. It jeopardizes the efficiency of our operations and the quality of our educational programs. The risks associated with such abuse may include the possibility of impaired judgment, diminished capacity, deterioration of the organs of the body, addiction, infection from unsterilized paraphernalia, modification of behavior, death or other conditions which substantially inhibit a person from performing to his/her fullest natural ability.

Alcohol and drug abuse is a serious problem in today's society, and schools are not immune to such problems. It is statistically predictable and it is within our experience that some students have used alcohol, tobacco products or have experimented with "street drugs" such as marijuana and cocaine or may do so during their junior or senior high school careers. Also, some student athletes may be attracted to the use of so-called "performance enhancing" drugs, such as various steroids, in misguided efforts to increase their strength and endurance.

The Board of School Trustees encourages all students to participate in the extra-curricular and co-curricular programs of the school, but believes the opportunity for such participation is not an absolute right, but a privilege offered to students who meet both the scholastic and the physical conditions of eligibility. One such condition shall be agreement by the student to submit to testing for the use of drugs, alcohol and tobacco products (for athletes only), if selected in accordance with the procedures listed in this policy.

The education and testing program is intended to be a helpful part of the overall physical and mental education and conditioning programs of high school students. Drug use is inconsistent with the purposes of participation in extra-curricular and co-curricular programs and with the purpose of the school in general. The program, therefore, includes appropriate procedures for dealing with such problems in areas where the schools have been given legal parameters to implement such policies.

Students in these activities are respected and admired by a large segment of the student body of each school and, in order to participate in school programs, are expected to hold themselves as good examples of conduct, sportsmanship and training, which includes avoiding drug and alcohol usage. It has been widely recognized that drug and alcohol usage can cause serious physical, mental and emotional harm. A student athlete who uses drugs can be a danger to himself, his teammates and his opponents.

The use of alcohol, tobacco and drugs is incompatible with the goals of and participation in the programs offered at Elwood Community Schools. Such usage has long been forbidden by school rules and policies, and by the Athletic Department rules and policies. The use of such substances is not only a danger to the individual user, but can also significantly impair the positive benefits to be received by all participants in these programs.

PROGRAM IMPLEMENTATION

This drug testing program shall apply to all students who try out or become members of a high school (grades 9-12) extra-curricular and co-curricular team or club, as well as students who drive to school.

Students wishing to participate in these programs are subject to random drug and alcohol screens. A student who tests positive for any prohibited substance will be disciplined in accordance with the violations set out in this policy.

Use by a student of medication prescribed by a medical doctor, dentist or other health care provider authorized by law to prescribe medication for that student does not violate this policy. However, a student may not participate if the medication adversely alters or impairs their judgment or ability, which could result in illness or injury.
Elwood Community School Corporation

If a student who falls under this policy is at a party or gathering of people where alcohol, tobacco or illegal drugs are being used or school rules and/or state laws are being violated, he/she is expected to leave immediately.

In addition to random selection, the school will also test any student if there is a request from the parent or guardian. Any parent or guardian requesting that a test be done will be required to sign a consent form if the student is not an athlete or student participant. Testing will be done at the expense of the parent or guardian.

Students who elect to participate will receive instruction in the dangers of drug, alcohol, and tobacco use as a part of the program to educate and encourage students to respect their bodies, to develop and pursue both mental and physical abilities, and to continue throughout their lives to participate and exercise in a healthy, drug free environment. The elimination of drug and alcohol abuse shall be a part of this program.

This program will not affect the policies, practices or rights of the School Corporation in dealing with drug or alcohol possession or use where reasonable cause to believe drug or alcohol abuse is presently occurring.

1. The coach or sponsor of each athletic team and club will require the attendance of all prospective members and a parent/guardian at the drug education session. Any student wishing to drive to school will also be required to attend with a parent/guardian the drug education session. Each student will receive a copy of this program. This program shall be explained to all such prospective participants, and an educational presentation shall be made in order to acquaint these students with the harmful consequences of substance abuse. These sessions will be held four times during the school year. If prospective members and a parent/guardian attended the first meeting, they will not be required to attend the second. However, they must attend one meeting.

2. Each prospective participant shall receive a consent form which shall be dated and signed by the student and by a custodial parent or guardian before such extra-curricular or co-curricular, anyone wanting to drive to school - is allowed to practice or participate in any activity. The consent shall be to provide, at any time requested, a urine sample to be tested for drugs, tobacco (for athletes only), and alcohol. Any student and/or parent/guardian refusing to sign a consent form will cause the student to be ineligible to participate until the form is signed. The consent form shall be in effect throughout all the years of junior high and high school participation unless revoked in writing by the student and parent or guardian on an official consent form and submitted to the testing coordinator.

3. Selections may occur at any time during the calendar year. One cross-referenced list of names and numbers will be maintained. The list shall be maintained by the testing until the designated day of testing. The numbers will be randomly selected before the testing.

4. On the day of testing, students will be escorted directly to the test site. If a selected student is absent, the student may continue to participate, but will be automatically tested on the next testing date. If the participant has a second absence on the second test date, he/she may be declared ineligible until the next date, at which time the student will be tested.

5. The collection of the samples will be done in a non-offensive manner, which insures the integrity of the sample. The school official who supervises the sample collection will not physically observe the giving of the sample, which will take place in a secured enclosure. Documentation of appropriate information to insure a proper chain of custody record will begin at the time the sample is collected, including verification signatures by both the student and the supervising official. The samples will then be turned over to the testing laboratory, and each sample will be tested for alcohol, unlawful drugs as listed in the profile of the laboratory and tobacco residue (on athlete’s samples only). The laboratory may also test for performance enhancing drugs known as steroids. Testing shall be done by a competent and accredited laboratory selected by Elwood Community School Corporation.

6. If, in the judgment of the laboratory, the student tampered with the sample, the sample will be declared invalid and the student will be required to submit a new sample. The student will be ineligible until this new sample is submitted.

7. The laboratory shall report the results of the test only to the testing coordinator who is responsible for contacting the student and his/her parents regarding the test results. If the test is positive, the testing coordinator will make contact with the testing lab to determine if there is any medical
Elwood Community School Corporation

explanation for the substance to be in the student. If the participant is taking any over-the-counter or prescription medication which may contribute to a positive test result, it would be in the student’s best interest for that student and the student’s parent/guardian to inform the testing coordinator of this fact at the time of the taking of the urine sample. If the testing coordinator verifies that there is no medical reason for the positive result, he/she will contact the student and the student’s parent/guardian. The student will automatically be tested on the following drug testing date. Any incoming freshman who tested positive on the last testing date of his/her eighth grade year will automatically be tested on the first drug testing date of his/her freshman year.

8. The testing coordinator shall keep all test results. Positive test results without medical explanation shall be made known only to the testing coordinator, the head coach or sponsor, the student, and the student’s parent/guardian. Positive test notification will be made within twenty-four hours of receipt of results. The testing coordinator shall maintain a record of occurrences for the duration of the student’s school career. These records shall be destroyed in accordance with the county public records retention schedule. These records shall not become a part of the student’s permanent record, nor shall they be transferred if a student leaves the corporation to attend another school.

9. If any participant under this program is determined to test “positive” by the laboratory and subsequently by the testing coordinator, the student and the student’s parents/guardians shall be advised of the test results, given the type of substance which was found and the health hazards involved in the use of such substance. If the student or the student’s parents/guardians desire, they may request to have the remaining portion of the sample, if any, re-analyzed by any accredited testing facility of their choice. The testing coordinator must receive such request within twenty-four hours of the first notification. The student and student’s parents/guardians shall bear the cost of the testing done at their request. The school shall only be responsible for initial testing, re-analysis, and/or any other test required by the school through this program.

10. The fact of testing and the results of testing of any student shall not be made known to any school official other than as above stated, and no student shall be expelled, suspended or disciplined in any manner as the result of any ‘positive’ test result obtained through the testing program other than as stated here.

CONSEQUENCES

1st Violation: A 30 calendar day suspension from extra-curricular and co-curricular programs (excluding practices) as well as driving privileges to and from school, beginning the first day the testing coordinator learns of the violation.

2nd Violation: A one calendar year suspension from all extra-curricular and co-curricular activities as well as driving privileges to and from school - beginning the day the testing coordinator learns of the violation. The student must pass a drug test by the school’s contracted testing firm after one year, at the student’s expense, before being allowed to participate in any of the above listed activities. However, after a calendar year suspension has been established, a student who has successfully completed a Student Drug Assistance Program and has been drug-free for a period of sixty days may apply for an administrative review to be reinstated into the extra-curricular or co-curricular activity as well as driving privileges to and from school at Elwood Community High School. Retesting, as outlined above, will also be required. This application must be in writing and submitted to the testing coordinator.

3rd Violation: A permanent suspension from extra-curricular and/or co-curricular programs, as well as driving privileges to and from school, beginning the day the testing coordinator learns of the violation and lasting for the remainder of the student’s high school or middle school career. However, after a permanent suspension, a student who has successfully completed a Student Drug Assistance Program and has been drug-free for a period of twelve months may apply for an administrative review to be reinstated into the extra-curricular or co-curricular activity as well as driving privileges to and from school at Elwood Community High School. Retesting, as outlined above, will also be required. This application must be in writing and submitted to the testing coordinator.

A refusal of a student to submit to a test and/or screen will be considered a positive test and the appropriate consequence applied.

MEDICATION FOR CHRONIC DISEASES

Students who have a chronic disease or medical condition may, if necessary, possess and self-administer the medication for the chronic disease or medical condition while traveling to and from school and while at school or at school-sponsored activities. A parent and doctor’s authorization for possession of the medication must be filed annually with the school. The doctor’s statement must include: 1) a statement that the child has a chronic disease or medical condition for which the medication is prescribed, 2) a statement confirming that the student has been instructed in how to administer the medication, and 3) a statement that the nature of the disease or condition requires emergency administration of the medication.

STUDENT DRESS

All students are encouraged to dress neatly and appropriately for school activities. Students should be modestly attired from the shoulder to mid-thigh. Any shirt, blouse, etc. should cover the top of the shoulder and should fit closely enough to the armpit to assure coverage of the torso. See-through clothing may be worn only if layered with other garments, but not by itself. Clothing worn from the waist down should be loose enough to assure modesty; therefore, biker type shorts (or any skin-tight items) are not allowed. Exceptions to this guideline are limited to appropriate physical education uniforms, cheerleaders at sporting events or pep sessions and situations specifically approved ahead of time by the administration. Pants should be worn at the waist. No exposed undergarments are permitted. Sleepwear is prohibited (e.g. pajama pants). No cloth from garments should trail on the floor or under foot. Clothing must not contain holes, slashings, or cuttings. Alterations to clothing must meet the requirements of being modest and in good taste. The wording and decorations on all wearing apparel must also be appropriate and in good taste. Reasonable latitude will be given, but pictures or wording involving references to sex, pregnancy, violence, alcohol, drugs, tobacco, obscenities, or vulgarities including seemingly harmless but double meaning verbiage is not allowed.

Proper footwear is required at all times (e.g. no slippers) unless specifically approved by the administration for a special event.

Head coverings are not appropriate in a building unless specifically approved by the administration for a special event. Social convention in our country still promotes removal of hats as one enters a building.

Students who arrive at school with objectionable clothing will be required to change immediately, even if that means returning home. Multiple violations will result in specific administrative handling of the problem including, but not limited to, suspension or expulsion from school, restriction from extracurricular activities, and in-school restriction.

BOOK BAGS/BACKPACKS and GYM BAGS

Book bags, backpacks, gym bags, and book carriers may be brought to school during the school day or during any school activity. These items must be stored in the student’s locker during the school day and after school activity.

Gym bags may be taken to gym class and stored in the gym locker. After gym class, these bags must be returned to the student’s locker.

MODES OF TRANSPORTATION

Scooters, mopeds, go-carts, motorized skateboards, skateboards, shoe-skates, roller-shoes or other similar modes of student transportation are prohibited on school property at all times.
PARENT RIGHT TO INSPECT CERTAIN INSTRUCTIONAL MATERIALS

The parent or guardian of a child enrolled in a school within the Elwood Community School Corporation shall be entitled to inspect any required instructional materials which will be used in connection with a survey, a personal analysis, or an evaluation which is not a direct part of the academic instruction and fall under Indiana Code 20-20-5-10. Instructional materials include teachers’ manuals, student texts, films, other video materials, or tapes.

Any complaints arising under this policy may be submitted in accordance with the policy for parental or public complaints.

STUDENT SUBMISSION to SURVEYS, PERSONAL ANALYSIS, or EVALUATIONS of SCHOOL CURRICULUM

No student shall be required without prior written consent of the student’s parent or guardian, or prior consent of a student if the student is an adult or is emancipated, to submit to a survey, a personal analysis, or an evaluation not directly related to the academic instruction which reveals information concerning:

1. political affiliations;
2. religious beliefs or practices;
3. mental or psychological conditions that may embarrass the student or his/her family;
4. sexual behavior and attitudes;
5. illegal, anti-social, self-incriminating or demeaning behavior;
6. critical appraisals of other individuals with whom the student has a close family relationship;
7. legally recognized privileged or confidential relationships, including a relationship with a lawyer, physician, or minister; or
8. income (except as required by law to determine eligibility for participation in a program or for receiving financial assistance under a program).

Any consent form used in compliance with this policy must state the contents and nature of the personal analysis, survey, or evaluation.

LITERATURE DISTRIBUTION

In order to ensure that the welfare and rights of the community are adequately protected, the following will apply in the case of any distribution of literature on school premises or at times students are under the jurisdiction of the school:

1. Any literature which a student wishes to distribute or possesses to distribute will first be submitted to the principal, or his/her designee, for approval. The principal may have up to three days to review the material before approving or disapproving. If disapproved, the principal shall state the reasons in writing.

2. The principal may deny approval to the distribution of any literature the content or distribution of which he/she reasonably determines:
   a. Would cause a substantial disruption of or a material interference with the normal operation of the school or school activities.
   b. Is potentially offensive to a substantial portion of the school community due to the depiction or description of sexual conduct, violence, morbidity or the use of language which is profane or obscene which is inappropriate for the school environment as judged by the standards of the school community.
   c. Is libelous or which violates the rights of privacy of any person.
   d. Is false or misleading or misrepresents facts.
   e. Is demeaning to any race, religion, sex or ethnic group.
   f. Encourages violation of local, state or federal laws...

3. In the event the submitted publication is denied the privilege of distribution, the applicant may:
a. Appeal the decision of the principal within five (5) school days to the superintendent, who shall reply within five (5) school days.
b. Further appeal may be made to the Board of Education within five (5) school days. The Board shall provide a hearing within ten (10) days with the decision made at its next regular meeting.

4. Distribution is defined as giving out or division among a number of persons, sharing or parceling out, allotting, dispensing, posting, apportioning, either by physically doing so or placing the material to be distributed in any public area so that another person may obtain the same either for free or without charge.

5. If the principal gives his/her approval, he/she may designate a time and/or place at which the distribution may take place. The distribution shall be orderly and the designated area for distribution shall be kept free of loosely scattered material.

SCHOOL BUS RULES

When school children are being transported on a school bus, they are under the supervision, direction and control of the school bus driver and are subject to disciplinary measures by the bus driver and the governing body of the school corporation. The administrative staff has the responsibility to enforce the rules, which follow, and to take necessary actions against those students who violate such rules. (IC 20-33-8-13.5 and 14)

All bus students are to follow the rules listed below:

A. The following rules apply when students are on their way to or from the bus stop and waiting at the bus stop:
   Pupils are to:
   1. Be at your assigned loading spot on time.
   2. Exercise extreme caution in getting to and from your assigned bus stop.
   3. Look both ways before stepping from behind parked cars.
   4. Stay well off the roadway until the bus comes to a complete stop and the bus driver indicates that it is safe to board.
   5. Not enter or leave the bus until it has come to a full stop and the driver has opened the door.
   6. Not play on or near the road while waiting for the bus to arrive.
   7. Look in both directions before crossing any roadway.
   8. Never walk on the road when there is a sidewalk or pathway.
   9. Always walk on the left side of the road facing on-coming traffic. Step off the road when a motor vehicle approaches.
   10. Wear white or light colored clothing when walking on the roadway at night in order that the motoring public might be aware of until the bus comes to a complete stop before trying to load or unload.
   11. Wait until the bus comes to a complete stop before trying to load or unload.
   12. Always cross in front of the bus in instances when required to cross the road to enter the bus or after leaving the bus.

B. The following rules apply when students are riding the bus, on their way to or from the bus stop, and waiting at the bus stop:
   It will not be tolerated for students to engage in the following behavior:
   1. Loud, boisterous language, profane language, or indecent conduct.
   2. Using their hands, feet, or body in any objectionable manner to tease, scuffle, trip, hold, or hit another student.
   3. Possession, use, or distribution of tobacco or tobacco products

C. The following rules apply when students are riding the bus:
   1. Be courteous and follow the instructions of your bus driver.
   2. Immediately upon entering the bus locate and sit in the place assigned by the driver.
3. No pupils shall stand or move from place to place during the trip.
4. No windows or doors will be opened or closed except by permission of the bus driver.
5. Use the hand-rail while getting on and off the bus.
6. Do not distract the driver’s attention other than when necessary.
7. Do not talk or make unnecessary noise when the bus is approaching and crossing a railroad or a highway intersection.
8. Keep head, hands, and articles inside the bus.
9. Do not bring articles inside the bus that are not authorized by the bus driver.
10. Food and drink items are permitted on the bus only with bus driver approval.

D. Disciplinary action: Students are reminded that riding a school bus is a privilege; not a right. As such, the bus riding privilege may be revoked.
   1. Upon recommendation of the bus driver, school authorities will deny the privilege of riding the school bus to any pupil who refuses to conduct himself or herself in a gentlemanly or ladylike manner.
   2. Any student caught vandalizing the school bus will lose all riding privileges until the school corporation receives restitution for the property damage.
   3. Any incidents involving physical altercations and/or battery will be referred to the building principal.
   Generally, the following steps will be followed when dealing with students creating problems on a school bus. Using the corporation’s Bus Conduct Report Form, the driver will document each step in the procedure. The step-by-step procedure can be accelerated if the violation committed by the student warrants a more immediate and severe form of disciplinary action:
   Step 1- First Documented Violation: Student Issued a Warning
   Step 2- Second Documented Violation: Student Dismissed from Bus for one (1) Day
   Step 3- Third Documented Violation: Student Dismissed from Bus for three (3) Days
   Step 4- Fourth Documented Violation: Student Dismissed from Bus for Five (5) Days
       Letter sent to parents describing corrective measures taken—warned that next infraction will result in removal from bus for balance of school year.
   Step 5- Fifth Documented Violation: Student Dismissed from Bus for Balance of School Year.
       Parents notified by letter regarding dismissal.

The administrative staff has the responsibility to enforce the rules and take necessary actions against those students who violate the rules. Any student caught vandalizing the school bus will lose all riding privileges until the corporation has received restitution for the property damage. Administrative discretion may be used in determining the consequences to any violation of the rules.
A. PHILOSOPHY

The Elwood Community School Corporation Board of School Trustees recognizes that education is one of the most valuable undertakings of our country. Formal schooling is absolutely essential for the conservation of the American Society. The state of Indiana also places education at the top of its priorities. Accordingly, it is necessary for this school corporation to use every reasonable measure to instill dutiful attendance habits in every student. The school cannot instruct students who are not present. A day lost in the classroom can never be completely made up. The interaction between the teacher and students in the classroom setting can never be effectively duplicated. A very high positive correlation exists between formal learning and school attendance. Attendance habits developed in school carry over to the post school career of the student. This attendance policy’s purpose is to encourage academic effort by discouraging unacceptable absenteeism that is a lack of effort on the student’s part. Therefore the following attendance policy is enforced in the Elwood Community School Corporation.

B. COMPULSORY ATTENDANCE

Each child shall attend either a public school which the individual is entitled to attend under IC 20-8.1-6.1 or some other school which is taught in the English language. It is unlawful for a parent to fail to insure, neglect or refuse to send his/her child to school for the full term. Refusal by a parent/guardian to send any student to school constitutes a violation of the Indiana Compulsory Attendance Law unless the child is being provided with instruction equivalent to that given in the public schools. This section does not apply during any period when the child is excused from attendance.

The parent is bound by these requirements from the earlier of the date on which the child officially enrolls in a school the beginning of the fall school term for the school year in which the individual becomes seven (7) years of age until the date on which the individual:

1) graduates;
2) reaches at least eighteen (18) years of age; or
3) reaches at least sixteen (16) years of age but who is less than eighteen (18) years of age and the requirements concerning an exit interview are met enabling the individual to withdraw from school before graduation; whichever occurs first.

An individual must be at least five (5) years of age on August 1 to officially enroll in the kindergarten program offered by the school corporation. However, a parent of a child who does not meet the minimum age requirement has the right to appeal to the superintendent for enrollment of the child in kindergarten at an earlier age.

In addition, if an individual enrolls in school and has not attended kindergarten, the superintendent of the school corporation shall make a determination as to whether the individual shall enroll in kindergarten or grade 1.

A student who is at least sixteen (16) years of age but is not yet eighteen (18) years of age, may withdraw from school prior to graduation if all of the following conditions have been met:

1) an exit interview is conducted,
2) the individual’s parent consents to the withdrawal,
3) the school principal approves of the withdrawal, and
4) the withdrawal is due to:
   A) financial hardship and the individual must be employed to support the individual’s family or a dependent;
   B) illness; or
   C) an order by a court that has jurisdiction over the child.

Legal Reference: Indiana Code 20-33-2-1 thru 9
C. REGULAR CLASS ATTENDANCE

Pursuant to IN Code 20-32-2-3.2, “attend” means to be physically present (1) in school; or (2) at another location where the school’s educational program in which a person is enrolled is being conducted; during regular school hours in a day in which the educational program in which the person is enrolled is being offered.

1. EXCUSED ABSENCE

Excused absences are defined as absences that the school corporation regards as legitimate reasons for not attending school. These include:

a. Illness verified by note from parent/guardian (up to five days per semester)

b. Illness during which time the student is under the care of a physician. (Documentation required – Attendance Officer may ask for a Certificate of Incapacity form to be completed and signed by a physician. (IC 20-33-2-18)

c. Absences due to medical or dental appointments. (documentation required)

d. A dangerous communicable disease or infestation with parasites transmittable through normal school contacts

e. Absence due to bereavement of immediate family member (confirmation from parents needed.)

f. Absence due to religious instruction. (IC 20-33-2-19)

g. Absence related to military family events (e.g. deployment and return)

h. Other reasons granted by the Principal or designee.

The governing body of the school corporation may authorize the absence and excuse of a student who attends any educationally related non-classroom activity if the activity:

a. is consistent with and promotes the educational philosophy and goals of the school corporation; facilitates the attainment of specific educational objectives;

b. is part of the goals and objectives of an approved course or curriculum;

c. represents a unique educational opportunity;

d. cannot reasonably occur without interrupting the school day; and

e. is approved in writing by the school principal.

Legal Reference: IC 20-33-2-17.5

2. EXEMPT ABSENCE

Under Indiana Code, a student is excused from attending school for:

a. serving as a page or honoree of the General Assembly; (IC 20-33-2-14)

b. serving as a poll worker on election day. (IC 20-33-2-15)

c. absences due to legal appointments and court hearings. (IC 20-33-2-16)

d. ordered active duty with IN National Guard – 10 days max. /academic year (IC 20-33-2-17)

e. participation in the IN wing of civil air patrol (IC 20-33-2-17.2)

f. Participation or exhibits (self or household member) in the state fair. – (5 days max.) (IC 20-33-2-17.7)

In each of these circumstances, the student is excused from school, is not to be recorded as absent, and is not to be penalized in any way by the school. Certain school trips fall under this exception, as well as individual- student absences. Students have been excused from attendance to participate in various academic bowls, band trips, for attendance at local, state, or federal government proceedings, or to hear various public speakers or performers.

3. UNEXCUSED ABSENCE

An unexcused absence is any absence not covered under the definition of excused or exempt.
4. TRUANCY

Truancy demonstrates a deliberate disregard for the state’s compulsory attendance law and is considered a serious matter. Penalties for truancies are listed in the school handbooks distributed at the beginning of the school year. Parents will be notified of all truancies. Students who are truant will be referred to the Juvenile Probation Department of Madison County. The Elwood Community School Corporation uses the following definition for truancy.

A student is truant when he/she:

1. is absent from school without the permission of the parent/guardian, or
2. leaves the school grounds during the school day without permission from school officials, or
3. willfully refuses to attend school in defiance of parental authority.

(DC 20-33-2-4)

D. PRE-ARRANGED ABSENCES

With the emphasis on increased academic achievement and improvement of attendance under Public Law 221 and the No Child Left Behind Act, Elwood Community Schools expects daily attendance for all students. Therefore, it is important to emphasize that absences from school beyond normal school vacations have a negative effect on school performance. Not all work can be made up, especially lab and activity classes (industrial ed., career-technical, family & consumer science, science, physical education, art, music, etc.)

The parent may choose to remove the child for a vacation or to extend a school vacation; however, absences for these reasons will not be excused. Occasionally, a student must be absent from school due to unique circumstances, which does not include taking or extending a vacation. When the absence is known in advance, the parent/guardian is to obtain from the school office, complete, and submit to the principal a Request for Pre-Arranged Absence form. This request must be submitted early enough in advance of the first date of planned absence to allow for principal review and teacher notification for classroom assignment determination.

Approval of a pre-arranged absence will be granted at the discretion of the building principal considering factors including the student's attendance record, dates of requested absence, length of and reason for the absence, and persons accompanying the student. The principal shall determine the absence as excused, unexcused, or exempt. Days missed, while pre-arranged, are considered absences from school and will accumulate toward attendance policy limits (unless unique circumstances are determined by the principal). Students are accountable for all classroom assignments. Assignments are due upon return from the absence or at the discretion of the teacher.

E. EXCESSIVE ABSENTEEISM

Excessive absenteeism is considered to be any excused absences over eight (8) days per semester, after which time the principal may request the expulsion of the student from school attendance. Suspensions and exempt absences will not be counted toward the eight (8) day maximum. After three days of unexcused absences within each semester, the building principal may request the expulsion of the student.

F. HABITUAL TRUANCY

Habitual truancy designation will be applied to any student who is at least 13 years of age but less than 15 years of age who is chronically absent, by having unexcused absences from school for more than ten (10) days of school in one (1) school year. Chronic absenteeism includes absence from school for ten (10 percent) or more of a school year for any reason.

Under Indiana Code 20-33-2-25, the Superintendent or an attendance officer having jurisdiction shall report a child who is habitually absent from school to an intake officer of the juvenile court or the department of child services.

All students who are at least thirteen (13) years of age but less than the age of fifteen (15) years, and who are determined to be a habitual truant per the definition above, are subject to Indiana Code
Elwood Community School Corporation

9-24-2-4, which provides that any person who is determined to be a habitual truant as defined by school board policy cannot be issued an operator's license or learner's permit until the age of 18 years, or until the student's attendance record has improved as determined by the school board upon review of the student's record.

The Indiana Bureau of Motor Vehicles will be notified that the student has been designated a habitual truant. To avoid any misinterpretation of this policy, parents should report any absences before the start of the school day.

Legal Reference: IC 20-33-2-11

G. TARDIES

In addition to regular attendance, the Elwood Community School Corporation recognizes a need to install a habit of promptness within students. Tardiness not only hinders the learning of the tardy student, but late arrival often interrupts for a time the educational atmosphere of the entire classroom. In grades K-12 the school principal in accordance with the building disciplinary policies will deal with K-12 student tardies. Car trouble or oversleeping are not acceptable excuses for being tardy. All students arriving late for school will report to the office to receive a pass to enter class. A parent conference will be held for students with an excessive number of tardies to school. School officials will notify parents of the scheduled conference in writing.

H. ABSENCE REPORTING PROCEDURE

Whenever possible, notification of the absence to the affected school should precede the absence. In the case of illness, a call should be made DURING THE MORNING OF THE DAY OF THE ABSENCE. If no call is received by 8:30 a.m. an attempt will be made by the school office and/or the attendance officer to call or contact the parents. Students should not telephone or write a note to the school for their own absence. Failure to notify the school shall result in the absence counted as an unexcused absence.

I. ASSIGNMENTS MISSED DUE TO ABSENCE

Excused Absences: While it is impossible to make up everything missed because of an absence, certain work or alternate assignments will be available to the student. In an effort to limit the loss caused by the absence, all this work must be made up by the student. Arrangements to make up assignments are the student’s and/or parent’s responsibility in consultation with the teacher. The same number of days will be allowed to make up work as were missed by the student. Work made up because of an absence will be credited to the student.

Unexcused Absences/Truancies: Missed assignments can be made up for credit. The student is encouraged to complete all assignments missed during the time of absence. Arrangements to make up assignments are the student’s and/or parent’s responsibility in consultation with the teacher. The same number of days will be allowed to make up work as were missed by the student. Although students are able to make up work, there must be a penalty for unexcused absences/truancies. Therefore, a student will suffer a 1% deduction in their overall grading period grade for every unexcused absence/truancy. If a final exam is missed due to unexcused absence/truancy, the exam or an alternate version will be available for make up on teacher work day. If the student chooses to not make up the exam on this day, the student will receive a score of zero for the final exam and shall be included in the calculation of the final grade. Classroom participation points will be forfeited.

Out-Of-School Suspension: Assignments missed due to out of school disciplinary suspensions shall be made up and credit awarded. Assignments completed during the suspension are due upon return from the suspension period. The absence from class does not qualify for additional time to complete assignments beyond the assigned date. If a final exam is missed due to suspension, the exam or an alternate version will be available for make up on teacher work day. If the student chooses to not make up the exam on this day, the student will receive a score of zero for the final exam and which will be included in the calculation of the final grade.
In-School Restriction: If a disciplinary action is served in the in-school restriction program, the student is expected to complete for credit all school assignments for the period of time that student is detained in the in-school restriction program. Assignments completed while a student participates in the in-school restriction program are due on the assigned date. This absence from class does not qualify for additional time to complete assignments beyond the assigned date. Students detained in the in-school restriction program are allowed and expected to complete any final exam normally scheduled during the in-school restriction time period.

J. INCOMPLETE GRADES

If a report card grade is listed as incomplete (I), the missing assignments must be completed within ten (10) school days of the end of the grade period or the missing assignments will revert to zero and shall be reflected in the grade period grade.

K. ATTENDANCE REVIEW

In general, a student who is absent from school more than eight (8) days in any semester will face formal action from the school. Any two (2) half (1/2) days of absence will equal one full day of absence. This action may include a required doctor’s excuse for all future absences, referral to proper legal authorities for action on educational neglect and/or due process procedures for expulsion may be started. The student’s attendance record will be reviewed after 8 days of absence. Teachers, counselors and other personnel may be involved in the review. After reviewing the attendance record of the student, the principal may grant an extension of the 8 (eight) allowable days of absence because of unusual or extenuating circumstances causing the absences.

The following system of notification will be in effect as days of absence increase:

*Fifth absence - grades K-8, (high school – third absence): a letter will be sent from the school to the parents regarding the attendance policy and the number of days already missed.

*Eighth absence – grades K-8, (high school – fifth absence): depending upon the nature of the absences of the identified student one of the following letters will be mailed to the parents.

a. A letter that will formally notify the student and parent that a conference will take place with the principal (in person or by telephone) OR

b. A letter that will notify the student and parents of the total number of days absent. If the school chooses option B, it reserves the right to request a conference at a later date should the student’s attendance not improve.

High School Only - Once a student reaches eight absences or more verified or otherwise, a parent conference (in person or telephone) must be held to discuss student attendance issues.

NOTE: Any truancy may be handled immediately with the most appropriate action that might include notification of welfare and/or probation department officers.

L. OUTSIDE AGENCY INVOLVEMENT

ECSC officials will work closely with local, state and county officials (Police Departments, Child Protective Services, Bureau of Motor Vehicles, Juvenile Probation Department, Madison County Courts, Indiana Department of Education) notifying them of attendance policy violators. These agencies could issue additional consequences.

Under SEA 1(2011), the Superintendent or an attendance officer having jurisdiction shall report a child who is habitually absent from school to an intake officer of the juvenile court or the department of child services. The intake officer or the department of child services shall proceed in accordance with IC 31-30 through IC 30-40.

M. CERTIFICATE OF CHILD’S INCAPACITY TO ATTEND SCHOOL

If a parent does not send the child to school because of the child’s illness or mental or physical incapacity, it is unlawful for the parent to fail or refuse to produce a certificate of the incapacity for
the attendance officer within six (6) days after it is demanded. Certificates, to be signed by an Indiana physician, may be required by the school attendance officer or building principal. (IC 20-33-2-18)

N. CAREER CENTER ATTENDANCE
Hinds Career Center’s attendance policy differs due to necessity to address seven school districts. Please refer to the career center student handbook for policy specifics.

O. STUDENT RESIDENCY REQUIREMENTS
Students who are new to the Elwood Community School Corporation or who enroll during the school year shall be required to submit proof of residency in accordance with guidelines available at each building office.

If proof of residency is not provided or there is some question concerning the residency of the student, the attendance officer/principal will request a legal settlement hearing by submitting a "principal’s written charge for expulsion "to an appointed expulsion examiner at the superintendent’s office. (IC 20-26-11-2) Where the legal settlement of a student cannot reasonably be determined, and the student is being supported by, cared for by, and living with some other person, the legal settlement of the student shall be in the attendance area of that person’s residence, except where the parents of the student are able to support the student but have placed him in the home of another person, or permitted the student to live with another person, primarily for the purpose of attending school in the attendance area where the other person resides. The school may, if the facts are in dispute, condition acceptance of the student’s legal settlement on the appointment of the person as legal guardian or custodian of the student and the date of legal settlement will be fixed to coincide with the commencement of the proceedings for the appointment of a guardian or custodian. However, if a student does not reside with the student’s parents because the student’s parents are unable to support the child (and the child is not residing with a person other than a parent primarily for the purpose of attending a particular school), the student’s legal settlement is where the student resides, and the establishment of a legal guardianship may not be required by the school. In addition, a legal guardianship or custodianship established solely for the purpose of attending school in a particular school corporation does not affect the determination of the legal settlement of the student under this chapter.

P. NON-RESIDENT STUDENT ADMISSION
The Board of School Trustees recognizes that a child must be a legal resident of the Elwood Community School Corporation in order to attend its schools. The Board further recognizes that extenuating circumstances often arise and it is for these cases that the following regulations have been adopted.

It is the intent of the Board that all applicable policies and laws in regard to student transfers shall be strictly enforced.

The Superintendent of Schools shall develop the operational procedures and forms necessary for the implementation of this policy.

Requests by parents, guardians, or custodians of Indiana students who do not reside in the Elwood Community School Corporation but wish to enroll their child in the school system will be considered for enrollment under the following conditions:

• The request for non-resident enrollment is made in accordance with the procedures established by the Superintendent and is submitted to the Superintendent’s office prior to May 1;
• Non-resident enrollment is for educational reasons;
• Non-resident student is in good standing in his/her resident school corporation;
• Parents, guardians, or custodians agree to provide transportation to and from the school.
• When applicable, the parents, guardians or custodians agree to pay the transfer tuition in a timely manner as established by the Elwood Community School Corporation.
Elwood Community School Corporation

The decision on acceptance of a non-resident student will be based upon:

- Class size of the grade level in which the student is enrolling at Elwood; and
- The transfer shall not place an undue burden on the Elwood Community School Corporation.
- The student’s attendance and academic record at the previous school;
- The student’s disciplinary record at the previous school. The building principal and superintendent shall deny a transfer request based on one or more of the following criteria:
  o The student has been suspended or expelled for more than 10 school days in the 12 months preceding the request for transfer.
  o The student was suspended or expelled for possessing a firearm, deadly weapon, or destructive device in the preceding 12 months.
  o The student was suspended or expelled for causing physical injury to a student, school employee, or visitor to the school.
  o The student was suspended or expelled for violating a drug or alcohol rule

The building principal and Superintendent shall be granted the discretion to grant or deny any and all transfer requests based on the established procedures.

Students transferring to this Corporation from other schools or school systems shall be placed in those classes or at those grade levels for which their previous educational experiences appear to qualify them. The School Corporation reserves the right to change or modify such placements on the basis of later information, testing, or investigation.

(Board of School Trustees Policy 5111)

Q. STATEMENT OF IMMUNIZATION HISTORY
The governing body of the school corporation shall require the parents of a child who has enrolled in a school corporation to furnish no later than the first day of school a written statement of the child’s immunization, accompanied by the physician’s certificates or other documentation, unless a written statement of this nature is on file with the school.

### Head Lice (Pediculosis)
1. Checks for head lice will be performed on all students in grades K-5 as soon as possible after the first day of school. Checks will also be made immediately after Christmas and spring vacations. Routine checks of individual classrooms and students will be done on an as-needed basis. Factors that would indicate frequency and breadth of additional inspections would include (1) one or more cases in a classroom; (2) family problems; (3) frequent infestation; (4) reliable information from sources outside the school; (5) other warning signals.
2. Any student determined to be infested with lice will be sent home or isolated from the classroom until properly treated.
3. Children excluded from school will be given a letter of instruction, and the school nurse will be available to answer further questions.
4. Upon returning to school, the school nurse or a school designee will examine students, or a designee, to determine if the student may return to class. A Proof of Treatment shall be signed by the parent/guardian and returned to the school before the student is admitted to class.
5. Following treatment, weekly inspection will be made for three to four weeks to insure that the child has not become re-infested. Students free of infestation will be subject to periodic inspection at the discretion of the school nurse.
6. The school nurse will be available for home visits and/or inspections if the problem persists, and the family is in need of further education.
7. Parents will be encouraged to remove all nits from their child’s hair, but it is recognized that the process of removing nits is very time consuming and difficult in some cases. Removal of nits is not the responsibility of school personnel. The School Nurse will maintain the right of professional judgment in individual cases.

8. In families where the problem is persistent, the case shall be referred to the superintendent and the appropriate government agencies, such as Department of Public Welfare and county and state boards of health.

9. Frequency, timing, and methods of scheduling inspections should be done in such a manner to minimize the interruption of the instructional program for all students.

10. The school nurse shall provide materials to elementary classes and to secondary health classes, which will permit instruction about the head lice problem, which may lead to greater knowledge and prevention.

11. Although the expenditure of school funds for personal treatment is inappropriate, the school nurse and building principal will act as resource persons to help students and their families obtain materials for treatment and guidance toward a solution to their problem.

12. Should the number of cases of infestation indicate a significant increase in the problem, the school health personnel and the building staff shall alert parents of a potential problem. Sending a health notice home with each student may do this. Other appropriate communications, such as school newsletters may be utilized for this notification.
RESPONSIBLE USE OF TECHNOLOGY

SCOPE

This Policy applies to all technology provided by the Board as well as the personal devices of students and employees (collectively "Users"). This includes, but is not limited to telephones, cell phones, digital media players, PDAs, laptop and desktop computers and workstations, direct radio communication, pagers, Internet access, voice mail, e-mail, text messaging, facsimile transmission and receipt, and any computer based research and/or communication.

This policy and all its provisions are subordinate to local, state, and federal statutes.

OVERVIEW

The Elwood Community School Corporation provides its students and staff access to a multitude of technology resources. These resources provide opportunities to enhance learning and improve communication within our community and with the global community beyond our campus. The advantages of having access to these resources are far greater than any potential downside. However, with the privilege of access is the responsibility of students, teachers, staff and the public to exercise appropriate personal responsibility in their use of these resources. School Corporation policies are intended to promote the most effective, safe, productive, and instructionally sound uses of networked information and communication tools. The Elwood Community School Corporation also makes a good faith effort to protect its students from exposure to Internet materials that are harmful or explicit. The School Corporation maintains a system of Internet content filtering devices and software controls that meet federal standards established in the Children’s Internet Protection Act (CIPA).

EXPECTATIONS

Responsible use of Elwood Community School Corporation’s technology resources is expected to be ethical, respectful, academically honest, and supportive of the school’s mission. Each technology user has the responsibility to respect every other person in our community and on the Internet. Digital storage and electronic devices used for school purposes will be treated as extensions of the physical school space, Administrators, or their designees, may review files and communications (including electronic mail) to insure that users are using the system in accordance with School Corporation policy. Users should not expect that files stored on servers or disks will be private. Users should understand they are responsible for protecting the privacy right of others, including personally identifiable information about a student protected by the Family Education Rights and Privacy Act ("FERPA"). Users also should understand that school servers regularly record Internet activity in log files that are available to the public under RSA91-A. Access to Public Records and Meetings.

Some activities are expressly prohibited by law. Users are expected to abide by the generally accepted rules of network etiquette. The following guidelines are intended to clarify expectations for conduct, but they should not be construed as all-inclusive:

- Use of electronic devices should be consistent with the School Corporation’s educational objectives, mission and curriculum.
- Transmission of any material in violation of any local, federal and state laws is prohibited. This includes, but is not limited to: copyrighted material, licensed material and threatening or obscene material.
- Intentional or unintentional use of computing resources to access or process, proxy sites, pornographic material, explicit text or files, or files dangerous to the integrity of the network is strictly prohibited.
- Software and/or services may not be installed or downloaded on school devices without prior approval of the Superintendent or designee.
- Use of technology resources for commercial activities, product advertisement or religious or
political lobbying is prohibited.

• Users may be held personally and financially responsible for malicious or intentional damage done to network software, data, user accounts, hardware and/or unauthorized costs incurred.

• Files stored on district-managed networks are the property of the school district and, as such, may be inspected at any time and should not be considered private.

• Materials published for electronic publication must be for educational purposes. School administrators, teachers and staff may monitor these materials to ensure compliance with content standards.

Before a student is permitted to use Board issued or personal technology utilizing district provided internet access, a signed (by student and parent) Responsible Use Agreement must be on file.

POLICY VIOLATIONS

The district/school reserves the right to refuse or limit access to the Internet to anyone. Violating any portion of this policy may result in disciplinary action, including temporary or permanent ban on computer or Internet use, suspension or dismissal from school, and/or legal action. The School Corporation will cooperate with law enforcement officers in investigations related to illegal activities conducted through its network.

This remains in effect while the child is enrolled at ECSC. At any time, the parent may change this status by signing another Acceptable Use Policy.
HOMEWORK POLICY

PHILOSOPHY
The Elwood Community School Corporation recognizes the value of homework, done as a part of a total commitment to the well-rounded education of every student. Homework, used properly, is an essential tool to review and reinforce the ideas and concepts taught during class time. Homework can help students learn responsibility, sharpen organizational skills, and promote wise use of time. It can also serve as a communication tool from the school to the parents and keep them in touch with what is being studied in the classroom.

DEFINITION
Homework is any out-of-school assignment that contributes to the educational progress of the student. It is an extension of classwork and should be directly related to the objectives of the curriculum being studied. It may include, but not be limited to, completing assignments not finished in class, additional practice exercises, outside reading assignments in related fields, and independent projects or research projects. The amount of time spent by the individual student will vary according to several factors that might include the student’s age, the student’s ability, the amount of study time available during the class, and/or the subject area being studied.

OBJECTIVES
Homework should fulfill the following purposes and objectives:
1. To review, reinforce and extend learning by providing practice and application of knowledge gained;
2. To teach students responsibility and organizational skills;
3. To promote wise and orderly use of time;
4. To encourage carryover of worthwhile school activities into permanent career and leisure interests;
5. To provide opportunities for broad enrichment activities.

TEACHER’S ROLE AND RESPONSIBILITIES
A considerate, discerning teacher will be as conscientious and thoughtful about making appropriate homework assignments and properly preparing students for them, as he/she would be in shaping any other part of the day’s plans. He/she should try to be aware of, and consider the needs of, each student and the conditions that exist in the student’s home. Assignments should be clearly explained, specific and reasonable in the time needed to complete. Homework should be checked and evaluated by the teacher and some form of response to the homework should be given to the student as soon as possible. Students should be informed of how homework will be used in deciding the grade for that particular class. Homework should never be used as “busy work,” unreasonably extensive, or used as punishment. The teacher should set reasonable time limits for the completion of the assignment and be consistent in expecting the work to be done and turned in on time. Basic class expectations (including how much each component such as a test, daily work in class, and homework count toward the grade in that class) must be communicated clearly to the student. Whenever possible, other class assignments and student activities should also be considered when giving homework assignments.

PARENT’S ROLE AND RESPONSIBILITIES
Cooperation by parents is a necessary factor in meaningful homework experiences. Parents should provide an appropriate place to study, which is free from distractions. They should also help organize a regular homework time, encourage and support their student’s efforts, and communicate with the teachers regularly. They should not be tutors or do the homework for the student. Homework is the responsibility of the student; not the parent.
STUDENT’S ROLE AND RESPONSIBILITIES

As a student progresses in school, his/her success depends more and more upon his/her own efforts. Each student has the responsibility to develop good work and study habits. The student should make sure he/she understands the assignment before leaving class, take home all materials needed, budget his/her time effectively, develop good study habits, return all work completed and on time, and especially make up all work that is missed because of absence as soon as possible after his/her return to school. Students who violate the homework policy are subject to discipline according to each school’s student handbook. Habitual offenders are subject to further discipline and possible retention in their current grade level the following school year.
